-----  
**\*RETAINER FEE:** Retainers are considered to be a down-payment and proof of commitment. As BG values their clients and retains clients based on availability only, it is imperative that much is taken into consideration when we align with our clients. Please Note: There are times wherein which BG has a waiting lists and new clients are not retained for up to a year. The success of what we understand to be the objective of our clients is predicated on the true commitment of both parties (Client and Consultant). Thus, this confirms as a portion of that commitment.
